PROFESSIONAL SUMMARY

ARDMS-registered diagnostic medical sonographer with 10+ years of OB/GYN ultrasound experience across hospital and private-clinic settings, currently averaging 11–12 OB/GYN scans per day. Skilled across the full obstetric spectrum: 1st/2nd/3rd trimester scans, fetal anatomy surveys, growth and biophysical profiles, 3D/4D imaging, and high-risk OB imaging including UAD, MCA, and Ductus Venosus Doppler studies. Also proficient with comprehensive gynecologic studies, transvaginal imaging, and saline infusion sonography. Routinely assists providers with IUD placements and in-office procedures. Experienced on GE Voluson and Philips platforms with Epic Radiant, Sectra PACS, and Viewpoint. Multi-credentialed across OB/GYN, Pediatric, Abdomen, and Pediatric Echocardiography. Known for accurate image acquisition, dependable clinical documentation, and a calm, reassuring presence with patients.

CORE SKILLS

- **Obstetric Ultrasound:** 1st/2nd/3rd-trimester scans, fetal anatomy survey, growth/BPP/AFI, 3D/4D imaging, high-risk OB
- **Doppler Studies:** UAD, MCA, Ductus Venosus
- **Gynecologic Ultrasound:** pelvic, transvaginal, saline infusion sonography (SIS), follicle monitoring
- **Procedure Assistance:** IUD placement, SIS, endometrial biopsies, in-office GYN procedures
- **Additional Sonography:** Pediatric, Abdominal, Pediatric Echocardiography
- **Ultrasound Equipment:** GE Voluson, Philips
- **PACS & Imaging Systems:** Epic Radiant, Sectra, Viewpoint, Centricity
- **EHR Systems:** Epic, Athena, Greenway
- **Clinical Strengths:** Image quality optimization, ALARA, accurate documentation, patient education and reassurance, cross-team collaboration

CERTIFICATIONS

- ARRT — Registered Radiologic Technologist (2014)
- ARDMS — OB/GYN Sonography (2017)
- ARDMS — Pediatric Sonography (2021)
- ARDMS — Abdomen (2024)
- ARDCS — Pediatric Echocardiography (2024)
- Epic Radiant Credentialed Trainer (2020) | Epic Radiant Proficiency (2021)

PROFESSIONAL EXPERIENCE

Jasper OB/GYN — OB/GYN Sonographer

Nov 2024 – Present

- Perform an average of 11–12 OB/GYN ultrasound exams per day in a busy private-practice setting on a GE Voluson platform
- Conduct obstetric imaging across the full pregnancy spectrum, including 1st/2nd/3rd-trimester scans, fetal anatomy surveys, growth scans, biophysical profiles (BPP/AFI), 3D/4D imaging, and Umbilical Artery Doppler
- Perform comprehensive gynecologic ultrasounds including pelvic, transvaginal, and follicle monitoring
- Assist providers with IUD placements, saline infusion sonography, and endometrial biopsies
- Maintain accurate clinical documentation and imaging reports within EHR and PACS workflows

Greene County General Hospital – My Linton Clinic — Rural Health Clinic Manager

Dec 2025 – May 2026

- Managed daily operations and staffing for a multi-provider rural health clinic supporting approximately 40 employees
- Led workforce planning, performance reviews, recruitment, and cross-team coordination across clinical and administrative staff

Deaconess Women's Hospital — Radiologic Technologist / Sonographer

May 2014 – July 2024 (10 years)

- Performed high-volume diagnostic imaging at a dedicated Women's Hospital, with a primary focus on high-risk obstetric and gynecologic ultrasound; supporting work in neonatal, abdominal, and cardiac imaging
- Conducted full obstetric exam mix including fetal anatomy surveys, growth/BPP scans, 3D/4D imaging, and Umbilical Artery Dopplers, Mid-Cerebral Artery Dopplers, and Ductus Venosus Doppler studies for Maternal-Fetal Medicine cases
- Performed gynecologic ultrasound including pelvic and transvaginal imaging
- Performed neonatal head and abdominal ultrasounds and pediatric echocardiograms
- Served as Epic Radiant Credentialed Trainer, supporting system implementation, end-user training, and workflow optimization across the imaging department
- Developed onboarding protocols for new sonographers and supported quality assurance and accreditation preparation
- Collaborated with Maternal-Fetal Medicine Physicians, Radiologists, and IT to refine imaging workflows

EDUCATION

Associate of Imaging Sciences — Ivy Tech Community College, 2014
